

PROFILE: CLOUD TECHNOLOGY EXPERT

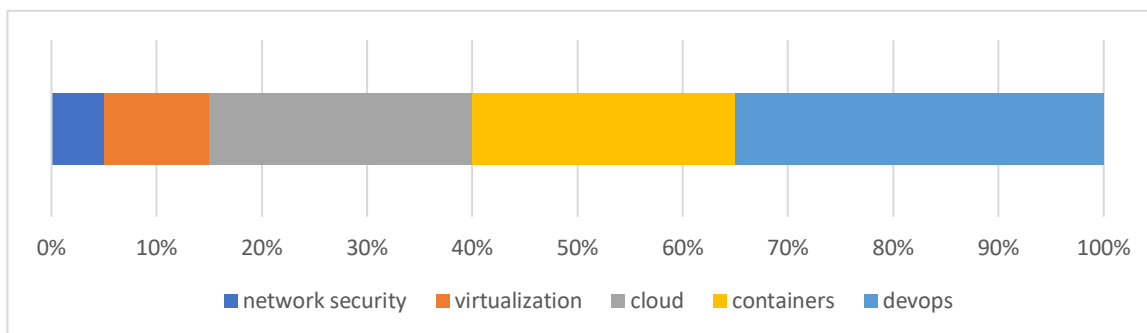

HOLISTIC ICT: "BRIDGING THE GAP BETWEEN BUSINESS-ORIENTED DEMANDS AND TECHNOLOGY-DRIVEN SOLUTIONS".

PERSONAL INFORMATION:

Personal:

NAME:	KOEN JANSSENS	NATIONALITY:	BELGIAN
EXPERIENCE:	25 YEARS	AGE:	48
	ADDRESS:	VAN ESPENLAAN 6	
	CITY:	1930 NOSSEGEM	
	PHONE:	0477/577772	
	E-MAIL:	KOEN.JANSSENS@SPLITBRAIN.BE	
	WEBSITE:	HTTP://WWW.SPLITBRAIN.BE HTTP://WWW.LINKEDIN.COM/PUB/KOEN-JANSSENS/5/342/B64	

JOB FOCUS:

LANGUAGE SKILLS:

	Read	Write	Speak
Dutch	Very Good	Very Good	Very Good
French	Good	Moderate	Moderate
English	Very Good	Very Good	Very Good

EDUCATION:

1992 Humaniora, Sint-Pieterscollege Leuven

VENDOR CERTIFICATIONS & TRAINING:

VENDOR CERTIFICATIONS:	
1998	Novell Master CNE (Netware 4/5)
1998	Microsoft MCSE (NT4/Windows 2000/Windows 2003)
2000	Cisco CCNA (recertified 2009)
2000	Sair Linux Certified Administrator
2004	Checkpoint CCSA/CCSE NG5
2008	Microsoft MCTS Exchange 2007
2009	ITIL v3 Foundation
2010	VMWare Vsphere VCP
2011	Wireshark certified network analyst (WCNA)
2011	Microsoft Windows 7
2011	Prince 2
2012	Cisco VPN
2014	Lean ICT
2015	Linux LPIC-2
2015	BSD certification group BSD associate
2015	Cisco Switch
2016	RSA Authentication Manager 8.1
2021	Azure administrator

OTHER TRAINING:

Cisco BCMSN (switching)	Landis	2000
Cisco ICND	Flexcom/Azlan	2000
Cisco BSCI (routing)	Azlan/Flexcom	2001
Avaya switching	Avaya/Lucent	2001
SCRUM master	USG	2015

TECHNICAL SKILLS (SCALE 1/BASIC - 5/EXPERT)**Methods & Techniques:**

ITIL v3 (foundation level)	3
Prince 2 (foundation)	2
SCRUM	2
Devops	4

OS:

Windows NT4, 2000, 2003, 2008	4
FreeBSD, OpenBSD, Linux	5
Mac OSX	3
Novell Netware 4/5	3

Networking:

IP Networking and protocols	5
switching/routing/Wifi	4
loadbalancing	4
Diagnostic/performance monitoring/network tracing/network management	4

Security:

Firewall & VPN:	
• Checkpoint, Microsoft ISA/TMG/UAG, Cisco PIX/ASA	5
• Netscreen/Juniper	3
Internet street & DMZ design (network segmentation, load balancing, proxying, authentication)	4
Web services: apache, nginx, IIS	5
Forward/reverse proxying	4
SSL/TLS in web traffic	4

Cryptography & authentication:

Vasco & RSA MFA	4
X509 PKI (Windows Certificate Services, OpenSSL) & Securing sites using SSL public PKI	4
Active directory & LDAP authentication	4
PGP & S/MIME email & data encryption	4
Oauth/OIDC	3

SQL:

Microsoft SQL/Azure SQL	4
MySQL/postgres	4

Virtualization technology:

VMware Virtual infrastructure	5
-------------------------------	---

Microsoft environment:

Microsoft Backoffice (AD/ntdom, sql server, exchange)	4
Microsoft Clustering	3

Programming:

Scripting: VBScript, bash scripting, windows batch scripting, power shell	4
---	---

Cloud technologies:

Containers: Kubernetes, Docker	4
Azure	5
AWS	3
Infra as code: ARM, Terraform	4

PROFESSIONAL EXPERIENCE

2019 until present**Belgian Mobile ID****System Engineer**

- Management and deployments of new components
- Azure lift&shift project
- Oauth/oidc support
- Migration to cloud-native environment (k8s in Azure)

Cloud architect

- Evolution of cloud platform
- Lifecycle of business components
- Devops process

2018 until 2019**Kangaroot****Senior system engineer**

- Docker and Kubernetes projects
- 3rd line support

2008 until 2017**Splitbrain (self-employed)****Security Engineer (European Parliament) (10/2015 - 2017)**

- Network security team: management and project followup for security components:
- Reporting and documentation

Network & security Engineer (Brussels Airport Company) (7/2015 - 10/2015)

- Performance measuring and availability monitoring project:

Network & security Engineer (IPC) (4/2014 - 6/2015)

- Data center migration project:
- Implementation of secure DMZ for web services:
- Operation of Axway secure transport gateway

Project team networking & security SDWorx (4/2011 - 9/2012)

- Steering of several networking & security projects:
 - Wan migration project
 - Internet street redesign
 - Mobile devices enterprise integration (BringYourOwnDevice)
 - IBM TAM/Webseal & E-ID authentication framework upgrade
- Assistance to 2nd and 3rd line teams in incident resolution

LAN/WAN engineer Acerta (5/2010 - 09/2010)

- Management of networking & security devices (Cisco, Checkpoint, Juniper)
- Network incident follow-up 3rd line
- Project-related work

System engineer Serso (11/2008 - 9/2018)

- Company active in SMB market
- Project followup
- 3rdline support
- Incident/problem management
- Iso9000 quality projects

05-05-2008 until 31-10-2008 **Sogeti**

- 3rdline support
- Project pre-sales (Exchange 2007, Active directory)
- Senior system engineer wintel

01-01-2006 until 30-04-2008 **Telco Consultants NV (ex-Computer Services Solutions)**

IT Manager (10/2007 → 4/2008)

- Server consolidation project (60+ servers to VMware ESX 3.5)
- Team coordination, follow-up & reporting to upper management

Outsourced consultant Estee Lauder Companies (2/2007 → 10/2007)

- Exchange consolidation project (15000 mailboxes) Exchange 5.5 to clustered Exchange 2003
- Active Directory management

Outsourced consultant ING (10/2006 -> 2/2007)

- Exchange 2003 mailbox clustering
- ITIL incident/problem management

01-03-1998 until 01-01-2006 **Computer Services Solutions NV**

Remote management services (2003 → 2006)

- Remote services & management for SMB's

Outsourced consultant TMME Europe (→ 2003)

- End-user support
- Documentation & server administration
- Packages: Novell Netware, Domino/Notes, Windows NT, AS/400 client support, DB/2 Connect
